EasyDECON® DF200

Decontamination Formula

EasyDECON DF200 effectively neutralizes chemical and biological agents and can also be used as a disinfectant, deodorizer and in mold remediation.

Available in:
2 gallon kit
5 gallon kit (shown)
100 gallon drum kit
500 gallon tote kit
Training solution kit

EasyDECON DF200 Decontamination Solution has been successfully tested by the U.S. Military and a host of other accredited testing institutions on a number of live and simulated Chemical and Biological warfare agents. These testing facilities include:

ABC Laboratories (Biodegradation Test)
Battelle Research Institute
Marine Corps Systems Command (MARCORSYSCOM) (Live Agent)
Central Command Urgent Needs Requirement Testing (Live Agent)
Naval Surface Warfare Center (NAVSEA Dahlgren Division)
Edgewood Chemical and Biological Center (ECBC) (Live Agent)
Rice University
Soldier Biological and Chemical Command (SBCCOM)
Environmental Protection Agency (Live Agent)
IIT Research Institute (Live Agent)
West Desert Test Center (Dugway Proving Ground)
Kansas State University (Live Agent)

EasyDECON DF200 is proven effective against:

Aspergillus Niger	Norovirus
Avian Flu H5N8	Penicillium Digitatum
Avian Flu H5N1	Tuleremia
Bacillus Anthracis (Anthrax)	Plague - Y. Pestis
Bovind Coronavirus	Pseudomonas A.
Candida Bombicola	Pseudomonas F.
Cholera	Rhinovirus - Mult. strains
Citrus Canker	Ricin Toxin
Clostridium Botulinum	Salmonella Enterica
Clostridium Difficile (C.diff)	Salmonella Choleraesuis
Clostridium Sporogenes	SEB (Staph Toxin)
Staphylococcus Ssp.	Staph A (MRSA)
Erwinia Herbicola	Smallpox
Escherichia Coli (E.coli)	Stachybolys Chartum
Feline Calicivirus	Yellow Fever Virus
Foot & Mouth (FMD)	Methamphetamine
Hepatitis A (HAV)	Mycotoxins
HIV Type 1	Organophosphates (i.e. pesticides)
Influenza A	Mold & Mildew
Listeria Monocytogenes	Bio masses
Mycobacterium Bovis	Capsaisin (Pepper Spray)
Mustard Agent (H, HD)	VX Nerve Agent
zG-Series Nerve Agents (GA, GB, GD)	Lewisite
